Caterers

Equipment Curator & Lead Caterer

For this dual position we are looking for team player that can work independently as needed in a dynamic environment. This position requires an eye towards creative styling to put together service equipment to style weddings and other events. Attention to detail to ensure catering crews leave with all the equipment they need. The job includes selecting and packing equipment to meet the needs of many events, ensure the safe return and maintenance of the equipment. As a Lead Catering Server (after a training period) the position involves serving guests and directing catering staff in the setup, service, and cleanup of off-premises events; either as the event lead or as the second to the Catering Captain.

The position will review paperwork with the event planning team to determine each weeks pack needs, coordinate with the Assistant Equipment Curator and others to ensure proper packs are ready for event teams. See to proper maintenance of equipment, arrange for repairs, and make recommendations to keep the inventory current.

We are a friendly, family-oriented environment. We believe we should enjoy coming to work and seeing our co-workers. We believe in individual accountability and are looking for enthusiastic individuals that are fulfilled by a job well done.

During our busy season (April to October) overtime is likely. During the slow season we will guarantee full-time, but that is also a great season for a little time off. We make every effort to be flexible and expect the same.
